## Feedback from participants in our first Inclusive Work Program:

*“Foundational Skills have refreshed some valuable points of reference when I return to work. All are essential and valuable components of the program.”*

*“What I enjoyed most was the opportunity to come together as a group and the regularity (ie routine) this involved. Whilst our 'issues' may have been different, there were the common threads of marginalisation & detachment from the paid workplace that allowed us to share openly and build strong levels of trust & rapport between us.”*

*“I’m so happy to have a job! It’s because of you all supporting me with everything. I don’t even have words to express how thankful I am to the GOGO program. It’s because of you all I have this opportunity. I’m so appreciative.”*
